Singapore Approved Islamic Centers

The following is a list of Islamic Centers which are approved by the Agri-Food & Veterinary Authority (AVA) to certify Halal products exported to Singapore. Singapore DOES NOT require that beef and lamb exports be Halal certified. However, when U.S. exporters would like to supply Halal products to Singapore customers, those shipments must be certified by one of the Islamic Centers listed below. If you have additional questions, please contact Travis Arp at tarp@usmef.org
